CSC Thanks the Alpine Ski Center & Subaru for Their Continued Support

The Crescent Ski Council (CSC) is a successful, active group of 22 ski and outing clubs, which are located throughout the Southeast. CSC Racing is one of the top-rated recreational, all-age, all-abilities racing programs in the United States. Through the innovative use of handicaps and a “flight” system, novices, intermediates, experts, adaptive racers, children (as young as 3!), the young-at-heart (70+), skiers, telemarkers, and snowboarders all compete together.

The first Alpine Ski Center Race Weekend had racers vying for podium finishes at Sugar Mountain on January 9 and 10, 2010. This was CSC’s first race of the season, because—believe it or not—the race scheduled for December 19 – 20, 2009 at Appalachian Ski Resort was cancelled due to too much snow!

Over 20” of fresh, wet snow covered the High Country Friday and Saturday making the roads almost impassable.

The Alpine Ski Center races got off to an incredible start on Saturday with a slalom that offered sunny skies 0°F and excellent snow conditions. Division 1 started at Buster’s shack on Sugar Slalom and Division 2 started at the top of Big Red. Sunday offered much warmer conditions at ca. 20°F. The Division 1 course offered several fall away gates to challenge even the most experienced racers and the Division 2 course had a fun, rhythmical set. The races went off without a hitch and were completed by 10:30 am each day!

A big thank you to the Alpine Ski Center for sponsoring this race weekend!
